The First National Scientific Conference on Digital Transition and Artificial Intelligence (CAIDT-2025)

April 29, 2025

https://univ-ouargla.dz/caidt/

CONFERENCE DESCRIPTION

The First National Conference on Digital Transition and Artificial Intelligence (CAIDT-2025) is a multidisciplinary platform for showcasing the latest developments and research results in digital transition, artificial intelligence applications, and cybersecurity, as well as related fields such as big data, computer vision, automation, and robotics. CAIDT-2025 aims to bring together leading academics and researchers specializing in these fields to present key developments and challenges. This conference will highlight the national strategy for the digital transition, particularly its objectives related to the "Digital Governance" theme, which aims to facilitate and digitize administrative procedures and public services.

CONFERENCE OBJECTIVES

CAIDT-2025 aims to:

- Foster knowledge exchange and collaboration among researchers, professionals, and industry experts.
- Highlight the latest advancements and emerging technologies in AI and digital transition.
- Address challenges related to cyber-security, data protection, and digital skill development.
- Promote research and innovation in digital transformation initiatives across various sectors.

MAIN TOPICS

We invite original research contributions, case studies, and position papers on the following topics:

- Artificial Intelligence
- Digital Transition
- Communications and Networks
- Signal and Image Processing
- Cyber-Security
- Robotics and Automation
